areas of expertise:

feasibility studies  
project development  
operator search

Anton Obukh joined the PKF hospitality group in 2021 and is based in Moscow. In his present capacity as a Senior Consultant, his consulting activities include feasibility studies, operator search and project development primarily in Russia and CIS countries.

Before joining the PKF hospitality group, Anton worked for two years for Azimut Hotels in business development, where he was responsible for market & feasibility studies and financial modelling. Furthermore, he gained work experience in hotel consulting and founded and managed a hostel in the centre of Moscow for two years.

After several years in hotel operations, Anton earned a master's degree in Hospitality Administration & Management from the César Ritz Colleges Switzerland, followed by management training in the USA. He serves the Swiss Education Group hotel schools as a Russian Chapter Alumni President. Anton is also a guest lecturer at various Russian universities.
